Commissioner for Patents

Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. § 1.323 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. The mistakes made by Patentees are of a clerical or typographical nature, or of a minor character. Patentees submit that correction of these errors does not introduce new matter.

Specifically, the printed patent contains the following errors for which a Certificate of Correction is respectfully requested:

Column 109, line 6, the claim reference numeral "5" should read -- 3 --.

***Remarks***

At present, claim 6 does not properly depend from claim 5 because R<sup>1</sup> is 2-methyl-3-methoxyphenyl in claim 6, and R<sup>1</sup> cannot be 2-methyl-3-methoxyphenyl in claim 5. The above-noted correction simply makes claim 6 depend from claim 3, thereby establishing the proper antecedent basis for claim 6. Thus, the above-noted correction corrects an obvious mistake of minor character and does not involve such changes in the patent as would constitute new matter or would require reexamination.

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

This request is accompanied by payment of the fee set forth in 37 C.F.R. § 1.20(a). Fee payment is provided through online credit card payment. The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.

A handwritten signature in black ink, appearing to read "Michael F. Gross III", is written over the firm name.
